

ENSE 470, Software Systems Design (Winter 2018)

Milestone 1 - Current state value stream map (VSM)

Due: **January 18, 2018**

Allocation: 3%

Activities: Complete a current state VSM (minus time) based on the project story. Develop presentation slides of your work for your group's report-out. Ensure all files are uploaded to GitHub.

Fail Grade: 0%	Developing Grade: 1%	Meets expectations Grade: 2%	Exceeds expectations Grade: 3%
Not submitted (group) Non-attendance during report-out (individual)*	Current VSM is missing key elements Less than 3 kaizen bursts Unreadable content (VSM and, or slides) Current state VSM and presentation are uploaded to GitHub Report-out exceeds 5 minutes**	VSM contains all necessary elements (title, legend, team members, types of flow, kaizen bursts) Completed at least 3 kaizen bursts Readable content (VSM and, or slides) Group clearly articulated how the current state VSM will help design a better future state Current state VSM and presentation are uploaded to GitHub Report-out completed within 5 minutes**	All within "Meets expectations" Completed more than 3 kaizen bursts

*Attendance during group report-outs is mandatory. Failure to attend will result in a 0% grade on the milestone for the individual that is missing. Group members in attendance during the report-out will be graded accordingly as illustrated above

**Time allocated for report-outs are not to exceed 5 minutes. Your group will be given a "1-minute remaining" notify. Please ensure 0:30-1:00 minute for questions/answers within the allotted 5 minutes
